Dear Sir,

I have not been provided any personal protection in Belgaum. Each night I spend at a different place. I have not brought any of my belongings and my wife and son also live under continuous threats. So many other incidents have happened here and all these have made spending every hour very dangerous. The information given by an intelligence officer implies that I am under much more serious threat than what my family and I are undergoing right now. The documents sought by you are not with me in Belgaum. Please contact the appropriate person for further advice.
